Scalby School
being the best we can be

The Trial Exams are intended to give our students an experience of revising and preparing for the examinations that they will sit in the summer of 2024. Your son/daughter's teachers are now in the process of providing important feedback on their performance in the Trial Exams and it is crucial that our students use this feedback to structure their revision and homework from this point forward.

On a final point there is a direct link to attendance at school and performance in GCSE examinations and therefore it is vital that your son/daughter does not compromise their examination results and their post-16 plans through unnecessary absence from school.

Yours faithfully,

Mr R Davis
Deputy Head Teacher
