

Scalby School
being the best we can be

Thursday 23rd November 2023

Dear Parents/Carers,

Scalby School is closed to Year 8, 9 & 10 students today due to an electrical fire in the kitchen over night that is now contained. The school is currently open to Year 7 and Year 11 students.

All students will be back in normal education tomorrow. We would ask that students bring a packed lunch to school on Friday while we undertake repair work to ensure the kitchen is able to produce hot food. School will be able to provide cold sandwiches for students on free school meals.

It is disappointing that we have had to close to some students due to circumstances that are beyond our control. We are working hard to ensure all students are back in education on Friday.

Yours faithfully,

Mr C Robertson

Headteacher
