

24 May 2024

Dear Parent/Carer

Year 10 Trial Examinations 2024

As we start our work with the Delta Academy Trust some of our curriculum and assessment will be aligned over time. The first part of this process involves us changing some of the planned trial examinations to take advantage of the support offered by taking part in the Delta assessment process.

Therefore, on the reverse of this letter I attach an updated timetable for the Year 10 trial examinations taking place after the half-term holiday. The examination page on the school website has been updated.

We have postponed all examinations during the first week after half-term to allow students time to revise and prepare for these updated examinations. The first examination in June will be on Wednesday 12th June in Chemistry. This update is for all subjects in the Ebacc qualification, and I would advise students not to do any further revision in these subject until they have been given further guidance from their teachers. These subjects are English, Mathematics, Science, History, Geography and French. All other examinations will take place as planned.

This process remains an opportunity for our students to experience preparing and revising for examinations in preparation for their summer examinations in 2025. We will continue to do our best to support our students through this process.

As previously communicated, following these examinations the parents evening on Thursday July 11th, 2024, will continue as planned.

Yours sincerely,

Mr R Davis
Deputy Head Teacher
